Evidence — Lab 04: Review and Refine the Edit

Capture a screenshot or file for each line. Evidence beats a description.

- □ story-review.md covers all six scenes with intended feeling, actual feeling and a proposed change.
- □ qc-report.md records a value and PASS or FAIL for every parameter.
- □ Each of your three fixes names its solution type.
- □ Only the broken shots were regenerated.
- □ v2 is 1080x1920, about 60 seconds, captions on, disclaimer on the end card.
- □ The fix log shows each failed item re-checked after the fix.

Notes

What did not work first time, and what you changed:

What you could NOT verify:
